Towards child Development

A workshop on Human right is child right

Preface

Children below 15 years constitute about 40% of the total population in India. If all of them are happy and healthy, they can make a positive contribution to the progress and development of our country. But reality is that many children who do not have access to health services, care, protection and education. In our society we found that the girl child is not allowed to be born and if it born, it has not given the same opportunities as boy. Children are exploited, abused, sold, punished and made to work in hazardous industries. In other words millions of children in India do not enjoy their childhood. Government has some laws for to protect children from child labour but the less awareness of this laws remove child for their rights. Hariraj Charitable Trust believes in and advocates children's basic right of life like Right to Development (education), Right to Protection, Right to Survival, Right to participation.

Objectives

1. To prepare a strategy at community level with children and their parents to stop child labour.
2. Children are become aware with their right.
3. To develop skill of advocacy for community level and also with government.

Kite Festival celebration:

16 Girls and two boys have participated in this celebration. The students have given prize for best kite fly in the sky. The main aim of this celebration is that students it self is a child and child have to rights to celebrate a festival.

The celebration of the festival is started with useful of festival, why festival is celebrated and then the entire students fly kite in the sky and get enjoy of the festival. The celebration was done during 9.30 a.m. to 11.45 a.m.

Republic Day celebration:

This celebration is arranged for the purpose of give guidance to the children for the importance of Republic Day. Same way we have to make children sure that Child has also a right as they want. After India put in a Republic country it self can make decisions same way after the birth of a child and as she gets aware about their rights, they in their life can get rights.

Namak Avas

Namak Avas is a project for Agarias. Particularly at the time of agarias stays in a coastal area they have not proper shelter. On viewing that we think to establish Avas for them in the coastal areas. We are getting progress in building these types of Avas in the coastal village. 60 Avas is targeted to build up. This Avas is building with the help of Udhog Commissioner Gandhingar.

Reproductive & child health program

The organization is working with the object to improve the health of women and children and to make women aware about sexual health by connecting with the mother NGO Samagra Vikas Trust. In the different villages like Chital, Timba, Machiyala, Jaswantgadh and Goriya this programme had been started.

This program is started in Khambha during this year. This region is nearest to the forest border where is lack of health services and its awareness and education level is also in people. We did basic survey of this areas Samthiyala centers 10 villages.
